TECHNOLOGY CENTER R3700

Dear Examiner Flores Sanches:

In response to the Office Action mailed November 7, 2002, the present response
to which is being submitted within three months from the action date, please amend the
above-identified application as follows.

IN THE CLAIMS:

Please amend the claims as follows:

AI

1. (Amended): A separating device for separating edge portions from a glass
panel, said glass panel having a width and thickness, said device comprising a handle and
a slotted plate connected to said handle, said slotted plate having upper and lower panel
engaging surfaces defining a recess of approximately the same width and thickness as
said glass panel to be separated, said separating device applying a controlled force along
